CONTRACTING OFFICERS' ALIASES

1. During the next several months, there will be rotations of contracting officers from present assignments to new ones. This will be repeated at intervals in the future in line with the Office of Logistics' policy regarding rotations.

2. The aliases used by contracting officers shall remain with the various posts and proper changes in the records maintained regarding aliases must be made. For example, when [redacted] moves from the ORD/DD/S&T contracting team to OSA, his alias will remain with the ORD team and will be assumed by his successor, [redacted]

3. It is obvious that any other procedure would result in monumental confusion and administrative detail.

4. Cognizant incoming contracting officers are expected to implement the requirement upon arrival at their new assignments. Please call OL/Registry for further details.
